

UPPER LEATHER CLEANER 10

Application:

Upper leather cleaner 10 is suitable for cleaning of upper leathers. The cleaning procedure should take place shortly before the finish application.

The surface is wiped with a cloth moistened with cleaner, than wiped dry.

The cloth has to be changed frequently.

As the upper leather cleaner 10 is water-based the cleaned shoes have to dry very well (approximately 30 minutes) before application of the finish product.
